

SAMAG MFZ 2-3 - VIB Nr. 01-28672

Wichtige Daten im Überblick

Type	machining center
Location	ab Standplatz der Maschine
Country of origin	Germany
Control	Sinumerik 840D Powerline
VIB-Nr	01-28672

Description

- 3-spindle horizontal 4 axes machining center
- travel X-axis: 300 mm
- traverse path Y-axis: 500 mm
- travel Z-axis: 450 mm
- spindle distance: 300 mm
- Chip conveyor Knoll
- Knoll coolant system with paper belt filter and magnetic separator
- Internal tool cooling 80 bar
- A-axes with Hirth toothing in 3-degree grid
- Tool breakage control
- Air Fresh industrial filter
- the machine is without clamping device but with device carriers
